DOLLAR COLLECTIONS

My own selections from surplus stock. Each collection \$1.00 postpaid, worth much more at list prices. Every tuber labeled. All three collections \$2.75.

COLLECTION A—8 varieties large dahlias.

COLLECTION B—10 varieties pompon dahlias.

COLLECTION C—6 varieties miniature dahlias.

GLADIOLUS OFFER

BLOOMING SIZE BULBS—Assortment made up from large flowering varieties. Not labeled, but selected to include a wide range of lovely colors. Bulbs treated for prevention of thrip.-----75 for \$1,—35 for 50c

PLANTING

Plant dahlias May 1 to June 15, two or three feet apart. Lay tuber horizontally, sprout up, in hole six inches deep. (Never stand a tuber on end.) Cover with three inches of soil; later, as the plant grows, fill in the remaining space. If ground is poor, dig deeper, and put rich top soil in bottom of hole under tuber. For large blooms, allow but one to a branch, removing extra buds while very small. Pompons may be planted closer together and need no disbudding. Remove all fading flowers. Thus cared for they bloom freely until frost.

FREE GOODS

One complimentary dahlia, my selection, is included with each order of \$1 or more. In addition, if your order amounts to \$3.00, select an extra 50c value. This does not apply to collections offered.

REMITTANCE should accompany order. Prices postpaid if order amounts to \$1.00 or more. If less than \$1, kindly add 10c.

EARLY ORDERS are greatly appreciated; roots will be mailed near planting time unless otherwise requested.

CUT FLOWERS in season are sold at reasonable rates. BASKETS a specialty, arranged on short notice, in favorite colors.

GARDEN VISITORS ARE ALWAYS WELCOME.
